

# Stasis Worksheet

## **Conjecture (Use the Causal Analysis Map to Help You with Conjecture)**

Does the problem/issue exist?

How did it begin and what are its causes?

What changed to create the issue/problem?

## **Definition**

What exactly is the issue/problem?

What is the definition of the issue/problem?

What is it? What is it not?

What are the parts of the issue/problem?

How is it similar or different than other issues/problems?

## **Quality**

How serious is the issue/problem?

Does the issue involve rights, laws, common good, or issues of care?

What are the costs and benefits of the issue/problem?

What are the alternatives, and are they better or worse?

## **Policy**

What should we do about this issue/policy?
